This exciting new development is situated in a prime location between the Natural Park and the beaches of Jávea and Denia, offering a peaceful retreat just minutes away from the coast, mountains, and entertainment options. With easy access to essential amenities like restaurants, supermarkets, and pharmacies, this is a truly privileged enclave for those seeking a well-rounded lifestyle.

It is a residential complex of 8 villas made up of 3-bedroom homes distributed in the basement, ground floor and first floor. Includes Parking, exterior and interior garden and private pool.

With an avant-garde architectural style where quality and details begin on the outside and go into each home and all homes are spacious and bright thanks to their double orientation and the fact that they are entirely exterior. This way we make better use of natural light and cross ventilation, helping to improve environmental quality.

In addition to excellent interior finishes and layouts, these villas offer unique environments ideal for enjoying the life you've always imagined. We believe in enhancing your quality of life by providing thoughtful design and exceptional amenities.

This area is renowned for its natural beauty and is conveniently located near the airports of Alicante (68 km) and Valencia (95 km), making it a perfect property for investors.
