Additional Information

Discover the true color of happiness and indulge in the life you've always dreamed of in one of these newly built homes with incredible sea views.

This exclusive resort was conceived as a private and exclusive place for leisure for a small community of owners who can enjoy various activities, sports and entertainment in peace.

In the center there is an impressive communal pool and jacuzzi, a refreshing children's swimming area and a sports field.

The common areas are completed by a paddle tennis court, a children's playground, a bio-healthy exercise area, gyms, garden areas for walking, a dog gym, recreation rooms, co-working spaces, a gourmet room, a gazebo and a heated pool.

The orientation and distribution of the apartments and their staggered design allow spaces to be optimized to make the most of natural light and enjoy splendid views of the sea and nature.

The apartments have been designed with large terraces overlooking the Mediterranean Sea and large windows that connect the exteriors with the interiors, obtaining very spacious spaces with lots of natural light. On the terrace, a modern latticework catches the eye, shielding the sun's rays.

For your greater security, a security checkpoint controls access to the urbanization and intelligent mailboxes at the entrance allow you to receive your correspondence at any time without leaving home.

The residence will also have a cardio-protected room, equipped with the necessary elements for a quick response to any incident.

Parking space and storage included in the price.

Other homes in the resort have 2, 3 and 4 bedrooms. Duplex and duplex penthouses with gardens are also available. The price range of these houses is between €290,000 and €540,000.

Estimated Completion Date: Beginning of 2025
