Deprived of urbanization.

All have access to the fantastic communal areas which include swimming pools, garden areas and a children's playground.

The apartments have a spacious living room with an integrated kitchen and open access to the terrace, allowing for maximum light and a generous feeling of space. The ground floors have large terraces and private gardens. The penthouses benefit from beautiful, uninterrupted views from their terrace.

Each apartment comes with an underground parking space and a storage room.

Sports enthusiasts will find their ideal location here, as this coastal region is perfect for all kinds of activities such as kite surfing, wind surfing, sailing, fishing, diving or hiking all year round.

Its location allows you to reach the airport in just 10 minutes, it is 15 km from Alicante and 25 km from Elche, the two main cities in the province, and has excellent communications with other cities. At the same time, the urbanization offers all the services you need on a daily basis thanks to its established offer that includes several commercial areas with supermarkets, restaurants, pharmacies and banks.

The residential complex has 2 and 3 room apartments with prices ranging between €230.000 and €285,000
