This ultramodern luxury building with bright homes and its sea views and terraces is located only 5 meter from the beach, a few minutes from the city of Alicante, with connections to the rest of Europe. The 5 meters from the beach is not the forefront's closest residence it also include being surrounded by tools and services that are intended to make your life simpler, by social settings where time appears to stop still, or by small features that indicate that energy efficiency was considered a key factor in the building's construction.

Due to its location in the Benidorm neighborhood with the fewest structures, this beach is uncrowded. Even during the busiest months, it is not the typical overcrowded beach we see in other places. The beach section where the tower is situated is also the widest in all of the city. The front is more than just a location in this apartment building that has mastered the art of making its views just one more of its luxuries, the goal is to be at the forefront of design, innovation, and sustainability.

These 44 apartments with 2, 3 and 4 bedrooms are distributed over 22 floors and all enjoy views of the sea and have terraces. These are very bright homes, with open spaces, large windows and high quality materials. They also include a parking space with electric charger and a storage room. This luxury building offers exceptional facilities. It has exclusive garden areas with a padel tennis court and infinity pool, which merges with the sea view. Additionally, it offers a gym, a solarium, a heated pool and a social club, and has a concierge service. This building has received leed gold certification from the United States Green Building Council for its high energy efficiency.

This area is one of the most beautiful on the Costa Blanca and is very well connected with the airport of Alicante (57 Km)
