Reconnect with nature and live in this beautiful villa bathed in Mediterranean light, with unique views and many details that make you realize that luxury is not an accessory, but a landscape, a place, a time, an experience.

The house is located in a privileged area of Finestrat called Sierra Cortina. A place where relaxation and commitment to nature are perfectly combined with excellent safety standards for residents, as well as being close to the beach and all the services you may need.

The ground floor is designed for daytime use, with large windows that favor visual and physical communication with the impressive garden. All this allows visitors to feel the feeling of bringing the outside in.

Divided into bedrooms and bathrooms, the upper floors offer more intimate areas designed for total rest and relaxation during "siesta" time and at night.

The garden reflects the commitment to environmental sustainability, combining maximum energy efficiency with easy maintenance. The highlight of the garden is a fabulous private swimming pool with a glass mosaic finish.

In addition, outside the house you can enjoy a barbecue area covered by an elegant pergola, which gives the house a touch of originality compared to the other houses in the area.

Very well connected to Alicante airport, 40 minutes by car. You can also enjoy the beautiful sandy beaches that are only 3 km away and just a few minutes away you have shopping centers, hypermarkets, restaurants and several golf courses.
