Marbella's many attractions include its all-year-round pleasant climate, the beaches, golf courses, gastronomy, shopping, lifestyle, and the many varied activities on offer. The first phase of the project is on sale, comprising 32 exclusive apartments with stunning panoramic views. All homes are south or southwest facing and have unobstructed views towards the bay of Marbella, the Moroccan coastline and Gibraltar. The urbanization comprises 4 contemporary styled buildings and an "open plan" design but with a sympathetic rustic appearance to blend into the natural surroundings. You can live all year round in these modern homes, or just enjoy holidays and weekends, in a peaceful residential area that is just a few kilometres from Marbella's Golden Mile.

This complex provides a range of apartment types and penthouses with 2 or 3 bedrooms, and all have an open plan kitchen integrated into the living/dining room. The living rooms enjoy lots of natural light, with large patio doors opening onto the spacious terraces. The stunning panoramic views over Marbella and to the Moroccan coastline and Gibraltar will definitely impress. The properties include convenient features such as an underground parking space and store room, pools for adults and children and large landscaped gardens. The development also has public access routes within the surrounding natural setting with hectares of forest allowing you to walk, relax and enjoy nature offers a selection of high-quality materials and finishes, which provide the homes with a high degree of elegance, comfort and exclusivity.
